- **Relative/Absolute paths**

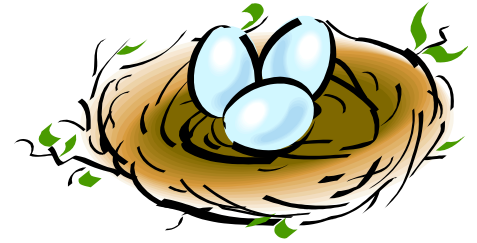

Nested Elements/Tags

- Nesting tags
 - Where one tag is inside of another tag

- Example

```
<div>  
  <p>This tag is nested.</p>  
  <p>This tag is nested  
    <span>and so is this one</span>  
  </p>  
</div>
```

```
<p>  
  <div>This tag is nested incorrectly.</div>  
</p>
```
